

CLOVERLEAF

ENNEAGRAM CERTIFICATION

Level 2

Want To Be Trained To Facilitate Enneagram Interventions With Teams?

Discover more about team dynamics and how team members make decisions, manage projects, plan strategically, and resolve conflicts. The tools and techniques you will learn during this course will enable you to confidently facilitate team development initiatives using the Enneagram.

You will also gain access to leading technology from Cloverleaf, as well as training on the Cloverleaf platform and how to apply various Team Enneagram concepts and processes to your organisation.

How Do I Know If This Course Is Right For Me?

Our program is ideal for anyone interested in using the Enneagram to support teams and team leaders on their journey towards becoming agile, high-performing teams. If you want to learn to facilitate team development, team effectiveness, and team dynamics using deep insights into team dynamics from the Enneagram as a tool, this course is for you.
