

AssessFirst Certification Training

Presented by Yellow Seed Consulting

Course Overview

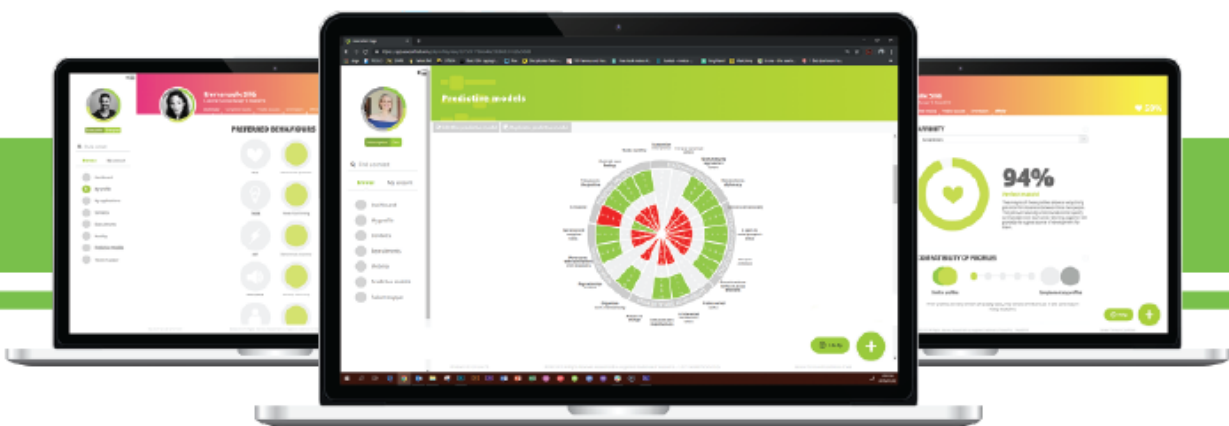

A full day training course covers the use of all three of the AssessFirst assessments. During the training the participants are equipped with the necessary skills to administer, interpret, and provide feedback on the Shape, Drive and Brain.

Together the three assessment provide a holistic view of a candidate's personality, motivations and general reasoning ability. The reports include developmental insights, recognised strengths as well as preferred working environment and leadership styles. The Brain assessment is a gamified assessment assessing a candidate's reasoning ability, learning style and working style.

The various applications for the assessments are also covered and each participant is given the opportunity to practice his or her interpretation and feedback skills. Please note that during the training, the statistical properties of the instruments are NOT covered in detail, but each participant receives complimentary electronic copies of the technical manuals for their own information.

Outcomes

Successful completion of the Assessfirst training accredits professionals on three assessments, namely:

The **SHAPE** gives insight into leadership influence, taking account of others, creativity and adaptability, thoroughness of work and personal balance.

The **DRIVE** measures drivers, interests, teamwork, energy and drive, preferred leadership style and preferred culture.

The **BRAIN** measures individual's reasoning speed, as well as the strategies they employ when confronted with new challenges at work.

What's included

- Assessfirst workbooks, slides, and case studies
- Electronic access to the Assessfirst technical manuals and other resources
- Your own set of Assessfirst reports

Pre-work

Delegates are required to complete the Assessfirst Assessment Suite before the workshop.

R 750 p/p

20 March 2024

08:00-16:00

Training is virtual/in-person (dependent), and a Zoom link/location will be sent upon registration and payment.
